

ABOUT OUR COLLEGE

A premier institute of Higher Education, Chhaju Ram Memorial Jat College Hisar, a multi faculty, co-educational institution accredited B+ by the NAAC, started its journey in the year 1967 in the loving memory of well known philanthropist, Seth Chhaju Ram. Our college nowadays is offering more than 30 different subjects in Arts, Commerce and Science and 125 experienced and committed teachers are ready to meet the challenges of fast changing world.

The college is situated in the heart of the city and has well planned building with spacious class rooms, administrative block, a rich library, well equipped laboratories and seminar room with audio visual aids, spacious playgrounds, canteen, sprawling lawns and other facilities required for the institute. The college also offers a wide range of co-curricular activities to prepare the students to excel in various competitions and to inculcate the feeling of nationalism, unity and discipline in life. At present college is widely recognized for its progressive education with a definite accent on Indian culture and traditions.

The College is also running P. G. Diploma and Add-on Course in Remote Sensing and GIS.

ABOUT THE SEMINAR

The concept 'Sustainable Development' has rightly assumed due significance in our developmental discourse. The Indian civilization has always treated nature with immense respect and reverence. It has never seen nature as a force to be exploited for our consumption. Our culture has always emphasised on the concept of living in harmony with nature. One ancient scripture says "Vasudhaiva Kutumbakam" or the whole earth is a family.

Unfortunately, this beautiful relationship between man and nature is weakening as societies are developing and population is growing. The time has come to draw deep inspiration from the tradition for a sustainable future.

India's population which stood at 360 million in 1951 has now touched the 1.21 billion mark. Between 2001 and 2011, our population has put our natural resources under tremendous strain.

Though, human resource is an invaluable asset in economic and social development, there are limits to the population that our environment can sustain in the long run to achieve higher rate of growth for our economy and standards of living for our people.

The major challenges under changing environmental conditions that may have to address are; ensuring food security, energy security, shrinking area under cultivation and forest cover, falling water table due to indiscriminate extraction of water for industrial purpose, farming and domestic consumption, excess of water in the form of floods and absence of water in the form of drought, urbanization and slums, poverty, communicable diseases, women empowerment, equality and development etc.

The proposed Seminar shall provide a platform to deliberate on the most vital and relevant issues of resources and development. Geographers, planners, decision makers, spatial data analysts shall attempt to bring out the spatial patterns, implications and future directions.

SUB THEMES :

- + Natural Hazards/Disasters and Environmental Challenges.
- + Geomorphology and Natural Resource Management.
- + Environmental Pollution and Quality of Life.

- + Geopolitical Economy of Development and Globalization and Emerging Challenges.
- + Agricultural Production, Productivity and Food Security.
- + Impact of Population Explosion and Urbanization on land use.
- + Place of Geoinformatics in Resources Management.

CALL FOR PAPERS

Each participant is required to submit/send softcopy of the paper (5-10 pages) with abstract in about 150 words to Dr. Manoj Kumar (Organising Secretary) through email at : jangra.manoj@rediffmail.com by Feb.28, 2012 positively. However, to ensure your participation, Demand Draft of Registration fee in favour of Principal, CRM Jat College Hisar payable at Hisar alongwith Registration Form, hardcopy and softcopy of the full paper must be sent by post latest by 28 Feb. 2012. The paper should be composed on A-4 Size, using MS Word documents with Times New Roman Font. You are advised to ensure the originality of the paper as per research ethics. Accommodation for outstation participants would be arranged on request.

REGISTRATION

Registration Fee :

- + Teachers & Other Professional : Rs. 300/-
- + Students/Research Scholars and Accompanying person : Rs. 100/-

Registration Time : 8.00 am to 9.00 am. (10th March, 2012)

Note : Brochure and Registration Form are available on college website also.

ORGANIZING COMMITTEE

Patron

I. S. Lakhlan
Principal
M : 098121-60154

Convener
